SEVEN YEARS OF PROMISE'S

Enver Hoxhe, te gjitha keto jane genjeshtra popalli i di, se ay i c ire punet qe ke bere gjat shtate vjetve qe sundon Vendin. Populli ka vuajtur nga urija, ndersa gjerat e tij ushqimore dergoheshin ne Rusi. Popullit i more bagetine, veshmbathjet, duhanin dhe çdo gje te nevojshme e gjer ne banesat. Familje te tera ke shperngulur dhe derguar ne fusha per pune te detyruar.

Enver Hoxhe! Mos kujto valle se populli u beson fjaleve te tua per gjerat e bukura qe do te gezoje pas planit pesevjeçar? Pse nuk i thua popullit te verteten? Pse nuk i thua:

Se qellimi i vertete i planit pesevjeçar eshte te skllaveroje sa me teper Shqiperine, te prodhohet sa me shume ne dobi te padronit t'end te Kremlinit, ndersa popullit Shqiptar t'i jepen sa me pak ushqime, sa me pak veshmbathje, sa me pak liri?

Se pjesa me e madhe e maqinerise qe vjen ne Shqiperi eshte e caktuar per ngrehina ushtarake, si ajo qe perdoret per ndertimin e bazes se nenedeteseve ne Sazan, nje vend i ruajtur me kaq kujdes sa vetem tekniket ruse mund te hyjne lirisht pa leje-kalimi?

Se ndene Qeverine t'ende kukell vdekjet jane shtuar dhe do te vazhdojne te shtohen, po sa qe qellimi i vertete i shpenzimeve te 546.414.000 lekve per te ashtuquajturin "program shendetesor" nuk eshte tjeter veçse krijimi i fushave te punes se detyruarshme, ku çduken patriote shqiptare pse kane guximin te kundreshtojne planin e poshter te Kremlinit, t'endin dhe te shokeve te tu trathetare qe

duan te skllaverojne vellezerit dhe motrat t'ona fisnike?

Pse Enver nuk i thua te verteten popullit qe vuan?

dita e hesapeve kur te gjithe patriotet mbrenda dhe jashte Shqippris te bashkuar do te permbysin regjimin t'end gjakatar, do te idikin padrejtesite, do te shlyejne turpin e trathetarvet, qe paten guximin te dorezojne Kombin t'one kryelarte ne Cari i kuq i Kremlinit.

QEVERIJA HOXHES, SHTATE VJET PREMTIME

Jepen premtime te reja me qellim qe te harrohen premtimet e vjetra qe nuk u mbajten. 26/27 August

Vellezer dhe motra!

Enver Hoxha dhe shoket e tij satrap vazhdojne me genjeshtra. Me goje dhe me shkrime po bejne propagande per gjerat e bukura qe kane ne mendje te realizojne ne nje te arthme te aferte. Me 6 prill te ketij viti, Enverideklaroi perpara trathetarevet ne Kongresin e dyte te Partis se Punes qe kontrollohet nga Kremlini: "Ne do te veme te gjitha fuqite t'ona, dhe ne qofte e nevojeshme edhe jeten

t'one, per te fituar besimin t'end o Stalin, per te ngritur lart flamurin t'end te lavdishem, i cili eshte edhe flamuri i Partis t'one dhe se bashku do te realizojme suksese te reja per Partin dhe masat punonjese."

Enver! Kjo eshte nje deklarate qesharake. Popullit Shqiptar nuk i vlen gje ne se ngrihet lart flamuri i Stalinit, padronit t'end. Populli Shqiptar don buke, don veshje e mbathje, don liri. Por ti keto gjera nuk i a jep, jep vetem premtime.

Premtimet e Enverit flasin per te mirat qe Shqiperija do te gezoje pas zbatimit te planit pesevjeçar. Qeverija e kuqe premton te shpenzoje 5 miljard 242 miljon lek per te ngritur industri te reja, per te shtuar prodhimin industrial e bujqesor. Qeveritaret e kuq bejne nje pikture te bukur per te arthmen. Thone se me 1955 çdo Shqiptar do te fitoje dy here me teper nga sa fiton sot. Veshmbathje, sende ush-

qimore, duhan dhe automobila do te gjenden me shumice. Asnjeri nuk do te vuaj nga urija, nga te ftohtit, nga semundjet, askujt nuk do t'i mungojne lehtesite e nje jetes moderne. Do te ndertohen shkolla te reja, do te çduket analfabetizma. Gjendja shendetesore do te permiresohet. Kopete e Shqiperise qe jane gjithnje ne pakesim do te shtohen. Te gjitha keta premtime i bejne qeveritaret e sotshem.

ASSESSED ASSESSED

Enver Borbo and his satraps continue with lies by word of earth and through writings, they are propagated-sing for the beautiful thin s which they intend to realize in the forthcoming near future. On 6 April of this year Enter declared before the traiters of the Second Congress of the nervers Party, which is controlled by the Kremlin: "As will give all our strength and if necessary give our lives to the year faith, of Stalin. To raise high above, your belover banner, which is the banner of our party and together we will realize new successes for the party and the cording theorem."

inver! This is a laughable duclaration. It is of no volue to the Albanian people to see Stalin's banner raised on high, the banner of your master. The Albanian people want bread, want clothing, usn't liberty, but you don't gove them these things, you only give them produces.

Enver's premises speak only of Albania's welfare which will be enjoyed after the completion of the Fire Tear Plan. The Red government promises to spend 5 billion 2h2 million lek for construction of new industries, to increas industrial and agricultural production. The Red officials give a beautiful picture of the future. They say that in 1955 every Albanian will gern twice as much as he same today. Clothing, food articles, eleganettes and automobile will be available in great amounts. No one will suffer from starvation, from cold, from slokness, and no one will be lacking in the conforts of the modern life. New schools will be erected and illiteracy will be eradicated. The health situation will be ameliorated. All these promises are made by the officials of today.

Mover howhe! All these are lies known by the people because they know what work he has done during the last seven years. The people have suffered by starvation whereas Albania's food stuffs were being sent to musia. Livestock, slothing, tobacco, and all other necessities were taken stary from the people. You have removed entire families and sent them to concent tration camps.

haver media: To you thank they the people stine's your words rejarding the beautiful things which they will enjoy after the Five Year Flan is completed? They don't you tell them:

That the brue aim of the fire Year Whan is to enclave Allenia as much as possible, produce as much as possible for your Aralin masters, whereas the Albamian people would receive the heast alount of food stuff, chebbing, and freedom?

That the greatest part of the machinery which comes to alkanis in lestined ... for military construction like the one which is being used for sub arine wasen on pasence, a place which is so well guarded that only thusian technicians can freely enter it without identification?

That under your pupper government the number of detts has increased and will continuously increase whereas the true aim of the expenditures of seme 546,414,000 lek for the so-called "health" program is nothing more than the creation of forced labor cases there allegian patriots are eradicated because they have the courage to resist the low plan of the arealin, power, and of your cusuader, the want to easlave our strong brothers and staters!

why, knwer, don't you tell the suffering people the truth? The day will care when all the patriots, within and without albenia, united will everthrow your bloody regime. They will eradicate injustice, they will eradicate the shape of the traitons that hid the courage to deliver our nation to the field $\theta_{\rm m}$ ar of the Areslin.
